REPORT
OF THE
BOARD OF EDUCATION
OF THE
TOWN OF ROLLINSFORD,

For the Year Ending February 15, 1906.

Our list of teachers is as follows :

8th and 9th Grade,	Miss Annie Sullivan
6th and 7th “	Miss Cynthia Prentice
4th and 5th “	Miss Helen Tighe
2d and 3d “	Miss Ada B. Dorr
1st “	Miss Florence Philpott
PRIMARY,	Miss Sarah A. Hodgman
SULLIVAN,	Mrs. Etta W. Goodwin
QUAMPHEGAN,	Miss Margery Drury
TURNPIKE,	Miss Luanna Perkins
PEAR YARD,	Miss Martha Holton

There have been several changes during the year. The new teachers are graduates of Normal or Training schools.

Lacking in the number of pupils in our High School (so called), we deemed it to the best interest of the town to close this school, and with the pupils of this school that did not attend other schools along with these of the 8th grade, forming a school to be known as the 8th and 9th grade. Pupils graduating from the 9th grade to be qualified to enter the Freshman year at Dover, or any other High School in the state.

At present the town is paying the tuition of ten pupils at Dover High School; the district paying for about the same number at South Berwick Academy.

We were sorry to have to accept the resignation of Mr Pugsley after so many years of faithful labor. We are pleased to know that he has a much better position in Easter, Maine.

As a majority of our children leave school as soon as they are able to comply with the school law, we have endeavored to have such studies taught that shall be of a most useful and practical value to a boy or girl of sixteen years of age.

Our teachers have been diligent in service, good order and discipline maintained.

We have purchased an ample quantity of school supplies, a reasonable amount of supplementary books, and introduced a new book in English.

Sullivan and Quamphegan school houses have received two coats of paint.

Turnpike, Quamphegan and Pear Yard school houses painted and papered on the inside; new desks and seats (single sittings) were put into the latter house.

We cannot but contrast the conditions of our school life with that of thirty years ago. School rooms are pleasanter, the course of study more varied and interesting, supplementary readings, nature study, manual training, drawing and music all contribute to interest the pupils and to direct their surplus energy along lines of increased pleasure and usefulness, and by so doing has established closer relations and deeper sympathies between teacher and pupil.

Number of children between the ages of five and sixteen years by the enumeration of September, 1905 :

Boys,	159	
Girls,	154	
	<hr/>	
Total,		313
Number born in New Hampshire,	192	
Number born elsewhere in United States,	61	
Number born in foreign countries,	60	
	<hr/>	
Total,		313

Respectfully submitted,

J. D. ROBERTS,

M. B. HARRITY,

L. W. BREWER,

School Board.
